Education

- Master's Degree in Bobs Engineering, Bob Academy (2023)

- Bachelor's Degree in Bobs Engineering, Bob Academy (2021)

Professional Experience

- **Developer at Y. (06/2019 - Present)** at , ()

  - Developed and deployed web applications utilizing React and Node.js, resulting in a 30
  - Collaborated with cross-functional teams to design and implement 10+ innovative features, significantly improving client satisfaction scores by 15
  - Proactively troubleshot and resolved over 100 complex software issues, reducing downtime by 25
  - Actively participated in Agile ceremonies, enhancing team communication and productivity, leading to a 20

- **Software Developer at Innovatech (06/2015 - 12/2017)** at , ()

  - Developed and maintained web applications using modern technologies, increasing application efficiency by 40
  - Collaborated closely with UX/UI designers to enhance user experience, contributing to a 25
  - Implemented automated testing procedures that improved code quality, resulting in a 35
  - Engaged in continuous learning of emerging technologies, successfully integrating new tools that streamlined development processes by 15

- **Junior Developer at StartUp Hub (01/2014 - 05/2015)** at , ()

  - Assisted in the development of mobile applications and web platforms, contributing to the launch of 3 major products that garnered over 1,000 downloads within the first month.
  - Participated in code reviews and contributed to software design discussions, improving code quality and team collaboration, which led to a 20
  - Resolved over 50 bugs and implemented feature enhancements, resulting in improved user feedback and a more robust application.
  - Gained foundational experience in multiple programming languages and operating systems, developing a versatile skill set that supported team objectives efficiently.

Projects

- **X**: Y blah blah blah Link

Skills

- Python

- Machine Learning

- Data Analysis

- React

- Node.js

- Agile Methodologies

- Software Troubleshooting

- Code Reviews

- Project Management

Certifications

- Certified Data Scientist

- AWS Certified Solutions Architect

Publications

- Research Paper on AI

- Article on Machine Learning
